## Commercial offer

Hello!

We are writing to your company, because you work with floating pipelines. Our plastic foam filled floats can well substitute your current floatation components.

LLC "UHP", Ukraine's biggest rotomolding producer, has mass production of foam filled pipeline floats.

### Pipeline floats

Name	Dimensions Ø outer/length, mm	Min inner Ø, mm	Max inner Ø, mm	Floatation, l	Price, EUR
<a href="#">Float 110-140</a>	500 / 600	110	140	90	
<a href="#">Float 150-160</a>	500 / 600	150	160	90	
<a href="#">Float 160-220</a>	500 / 1200	160	220	170	
<a href="#">Float 220-280</a>	600 / 1200	220	280	250	
<a href="#">Float 280-400</a>	940 / 1200	280	400	610	
<a href="#">Float 400-650</a>	1200 / 1280	400	650	986	

Please visit [vivamarina.net](http://vivamarina.net) to see product photos, drawings and 3D models.

### Unique design, accepting any tube with Ø =100 mm : 650 mm

It is possible due to top part of float adjusts to the tube height and pushes the pipe tightly to the lower part of float:

Fixing float with the belt

## Why choose our floatation modules:

- Module maintains its shape and is resistant to mechanical deformations
- Compared to air-filled modules, our module retains floatation properties in case of hole
- Operational temperature from - 60 °C to + 60 °C
- Environmental friendly

*Automatically Polystyrene filling*

## Sales and Delivery

We have dealers in **Germany, Poland, Sweden and Denmark**. Big shipments will be made directly from Ukraine.

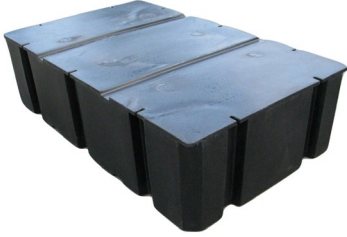

## Dredging machines on our floats

It is also possible to put dredging machines on our [houseboat floatation modules](#).

We signed a contract to equip all 10 t. machines produced by VVV-SPETSTEKHNIKA ([zemsnaryad.in.ua](#)) with PE floats.

	Name	Dimensions a/b/h, mm	Volume, l	Price* EUR
	<a href="#">Float 1200 front</a>	1200 / 1200 / 940	770	
	<a href="#">Float 800 front</a>	1200 / 800 / 890	425	
	<a href="#">Float 1200 middle</a>	1200 / 1200 / 940	1060	

	<a href="#"><u>Float 800 middle</u></a>	1200 / 800 / 890	650	
	<a href="#"><u>Float 1200 back</u></a>	1560 / 1200 / 940	1220	
	<a href="#"><u>Float 800 back</u></a>	1600 / 800 / 890	650	
	<a href="#"><u>Pontoon float 1000</u></a>	1900/1150/510	1000	

\*Wholesale

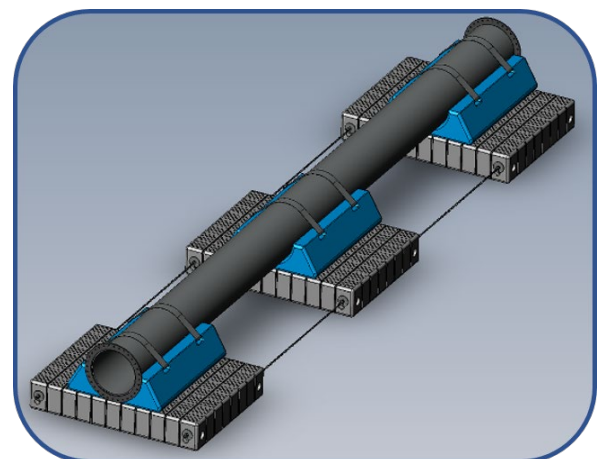

## Pipelines on pontoons

For heavy duty pipelines we offer a floatation construction consisting of floating dock and special plastic mountings.

On the side of pipeline it is possible to put a gangway.

## References

We have supplied pipeline floats for number of projects in EU, Russia and Ukraine. References are available upon request.

**That would be an honor to have you as our partner.**

Best Regards,

Head of Export Sales "Ukrhimplast" LLC

Konstantin Lenchik
